When someone learns about concentration camps, they often ask, "What did the townspeople who lived nearby do to stop this? How could they have lived so near a place where humans were being killed and do nothing?"

**YOU live within ten minutes of an abortion facility.  
YOU can do something to stop the killing.**

Come learn the peaceful, prayerful, law-abiding method of sidewalk advocacy from ***Sidewalk Advocates for Life*** and help women and men entering the abortion facility choose life! This method is credited for saving thousands of lives across the US, because it reaches a woman's heart and empowers her for LIFE.
