

TEACHER CATECHETICAL DAY

It's not your mother's telephone: Helping your students to navigate our pornographic culture

Join the Department of Parish Vitality and Mission, the Chastity Education Initiative, and Brian Butler for a day of learning that will include:

- Relevant facts about the prevalence of pornographic images in our everyday lives and the ease of access to it all on their cellphones for young people.
- A look at the often-misunderstood long-term damage on emotional and spiritual growth as well as ramifications to present and future relationships due to the pervasiveness of pornographic images.
- The disconnect between our understanding of freedom and the reality of sexual exploitation.
- Using the lens of St. John Paul II's Theology of the Body to unpack the morality of our pornographic culture and how to help students counter it.
- Some practical lessons, activities, and exercises for your classroom to help keep your students safe.
- Resources to help your students and parents with this growing concern.
