

# CREATING RIVERS OF JUSTICE AND CHANNELS OF PEACE

Catholic Campaign for Human Development 2022 Annual Report

Dear CCHD Supporter,

Upon recently celebrating the Archdiocese of Chicago's Catholic Campaign for Human Development (CCHD) 50th anniversary, we had the opportunity to reflect on all that our past grantees have accomplished over the last five decades. These moments of recollection built for us a momentum that has renewed our ministry as we work in anticipation of all that our current and future grantees will do in the next 50 years and beyond. Although times of crisis and adversity are far from over, we remain hopeful in the impact our community organizations make on a daily basis to address the root causes of injustice and empower those experiencing poverty to bring justice to their own communities.

As the national anti-poverty program of the Catholic Church, CCHD can trace its origins to Chicago. Since 1970, the dedication and generosity of volunteers, funded groups, partners and donors have enriched countless lives around the country. Together, your contributions have enhanced the prophetic commitment of the Church to seek justice in our society with the poor as "agents of their own development" (Aparecida 385).

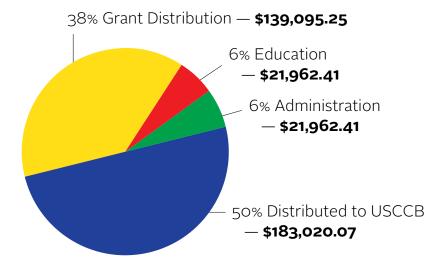

Many of the obstacles facing the poor have been compounded by challenges brought on by the ongoing COVID-19 pandemic. In response, the leaders of CCHD-funded organizations have shown great perseverance in their work as they challenge oppressive systems and promote the God-given dignity and rights to life, fair housing, employment, education, health care, equity, safety, freedom and economic opportunity of all of God's children. With the support of CCHD, these leaders are carving out rivers of justice by:

- Creating economic opportunities in marginalized communities
- · Increasing access to affordable housing
- Advocating for the rights of seniors, workers, immigrants and people with disabilities
- Building communities working for racial equity and justice
- · Preventing violence and promoting reconciliation
- Responding to the injustices and hardships exposed by the COVID-19 pandemic

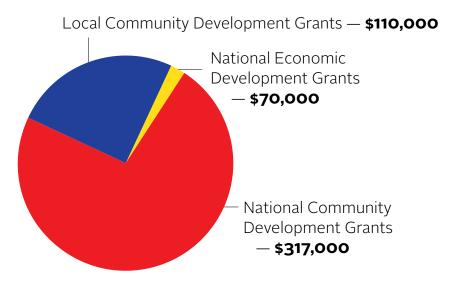

Your generosity has enabled our community leaders to create the conditions for the rivers of justice to flow into channels of peace across the Chicagoland area. Your commitment to the CCHD ministry and involvement in CCHD-funded organizations rekindles our hope in the Holy Spirit to sustain our momentum. Thank you for celebrating our 50 years with us and here's to looking forward to 50 more!

Peace,
Danielle Bodette

Parish Vitality and Mission Human Dignity and Solidarity Cardinal Meyer Center 3525 South Lake Park Avenue Chicago, IL 60653

The Catholic Campaign for Human Development (CCHD) is the domestic anti-poverty program of the United States Conference of Catholic Bishops (USCCB), working to carry out the mission of Jesus Christ "to bring good news to the poor...release to captives...sight to the blind, and let the oppressed go free" (Luke 4:18).

CCHD holds as central the belief that those who are directly affected by unjust systems and structures have the best insights into knowing how to change them. CCHD works to break the cycle of poverty by helping low-income people participate in decisions that affect their lives, families and communities. CCHD offers a hand up, not a handout.

CCHD has a complementary mission of educating on poverty and its causes. This strategy of education for justice and helping people who are poor speak and act for themselves reflects the mandate of the Scriptures and the principles of Catholic social teaching.

CCHD provides the Catholic faithful with concrete opportunities to live out the love of God and neighbor in ways that express our baptismal call and continuing Eucharistic transformation. CCHD is made possible by the generous support of Catholics in the United States, especially through an annual parish collection.

CCHD is an essential part of the Church in the United States' social mission, and a unique part of the Catholic community's broad commitment to assist low-income people, families and communities.
